## Projects

**ServerBuddy** | [serverbuddy.judenowicki.com](http://serverbuddy.judenowicki.com) |  
[github.com/jnwcki/restaurant\\_system](https://github.com/jnwcki/restaurant_system)

- A lightweight backend-driven restaurant ordering system which allows servers to take orders quickly and for kitchen to receive and process orders. Also takes payments. Uses Python, Django, Twitter Bootstrap, and the Stripe API.

**Theon's List** | [theonslist.judenowicki.com](http://theonslist.judenowicki.com) | [github.com/jnwcki/theons\\_list](https://github.com/jnwcki/theons_list)

- A medieval themed site which started as a basic clone of Craigslist. It allows the user to register and post their items for sale in categories and subcategories. Uses Django and Materialize CSS.

**EasyTabs** | [easytabs.judenowicki.com](http://easytabs.judenowicki.com) | [github.com/jnwcki/tab\\_scraper](https://github.com/jnwcki/tab_scraper)

- Site that allows searching for guitar tablature off of a popular site without advertisements. Uses BeautifulSoup.

## Work History

**Outdoors, Inc., Memphis, TN** | Oct 2012 - Sep 2015  
*Assistant Manager*

- Helped to manage operations of the premier outdoor retailer in Memphis. Promoted internally from temporary part-time position.

**Appalachian Trail Adventures, Killington, VT** | Jul 2010 - Oct 2012  
*Lead Hiking and Kayaking Guide*

- Escorted guests on hiking, kayaking and caving expeditions in the Green Mountain National Forest, tailored to skill level, all for most popular attraction in Killington, Vermont on [TripAdvisor.com](http://TripAdvisor.com).

**Bentley's Restaurant, Woodstock, VT** | Feb 2011 - Oct 2012  
*Server*

- Provided the highest level of table service at popular tourist destination restaurant. Promoted internally from a busser position.
